

EUROISMAR 2019

Monday 26 August 2019

Benchtop & Low-field NMR: Session 1 - Max Kade Auditorium (10:30-13:00)

time	[id] title	presenter
10:30	[605] Advances and Adventures with Compact NMR	Prof. BLÜMICH, Bernhard
11:05	[156] Understanding novel spin physics to make clinical-scale hyperpolarization simple, fast and cheap	Prof. WARREN, Warren
11:30	[627] Compact NMR for Metabolic Health Screening and Diabetes Prevention	Prof. CISTOLA, David
11:55	[251] A MOUSE for Heritage: In Pursuit of Art and Culture	Prof. BAIAS, Maria
12:30	[505] Wide field range studies of nuclear magnetic relaxation using optically pumped magnetometers	Mr BODENSTEDT, Sven
